

Limited to just 13,000 of each doll worldwide, the Disney Villains Designer Collection will be released, one per week, in stores on Mondays beginning September 10 and online on Tuesdays beginning September 11.

Because we anticipate a devilishly high demand for the Disney Villains Designer Collection dolls, each participating Disney Store location will select Guests at random who will be able to purchase a doll.

Here's how it will work:

- Each Monday beginning September 10, 2012 and ending October 15, 2012 each participating Disney Store location will make available one new limited release doll from the Disney Villains Designer Collection.
- Vouchers will be distributed between 12:00pm and 1:00pm local time. At approximately 1:10pm, at an area designated outside the Disney Store (see Cast Member for specific location), the names of guests selected for the opportunity to purchase a doll will be announced.
- To be eligible, you must be at least 18 years old, be present to submit a voucher and for voucher selection, and present a valid photo ID to purchase a doll.

Each Guest who submits a voucher will be eligible to be selected for an opportunity to purchase a Disney Villains Designer Doll at full retail value. Use of voucher is acceptance of these terms. Limit one voucher and one doll purchase per Guest. Dolls limited to stock on hand and must be purchased immediately following announcement of selected Guests. A minimum of approximately six (6) dolls per participating Store will be available. Employees of The Walt Disney Company are not eligible to participate. Vouchers may not be sold, altered, duplicated or copied and will not be replaced if lost, stolen, or corrupted. Voucher must be relinquished at time of purchase. Offer may be canceled or modified at any time. Void where prohibited and subject to all applicable federal, state, provincial, and local laws. Valid while supplies last.
